Dear Colleague:

The APSA Council is considering policy about selecting sites for our Annual Meeting and other conferences related to state laws about rights afforded same-sex unions legally recognized in other states. We are also considering the situation of the 2012 Annual Meeting already contracted for New Orleans, Louisiana.

The Council would welcome your feedback on these issues. A statement from the Council, a number of documents related to these issues, and a facility to submit your feedback are available to members on a special section of the APSA website.

To access the siting website to view the Council statement and related documents and to submit feedback:

1. **Go to** [www.apsanet.org](http://www.apsanet.org)
2. **Log in to the website** ("MyAPSA")
   NOTE: Your "user ID" is your last name and your password is your member number, unless you have changed it. You may also use the link below the login box to request your login information.
3. **Go to the "APSA Meeting Siting" area** and click on the link to the siting website.

Your feedback will be kept confidential. Please submit your feedback by **Friday, May 30**.

The Council will meet in early summer to consider these issues and will consider feedback from members, status committees, and organized sections as well as other information available to it in its deliberations. Your response is very important and will be considered carefully. Thank you for your thoughtful attention to this.

Sincerely,

Dianne Pinderhughes, President
